Garden Light

0600 Series is an outdoor patio light with high and low poles.

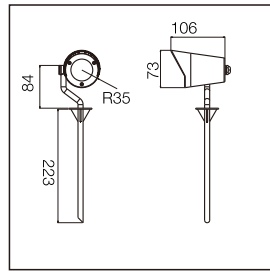

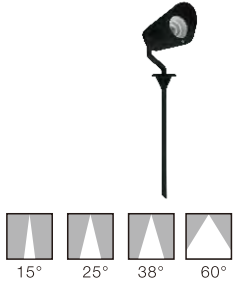

It is specially designed to illuminate plants of different heights outdoors, and it is quick and easy to install without tools.

A versatile solution for scenes and lighting scenes in garden design, sidewalks and tree-lined areas.

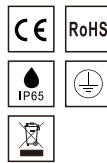

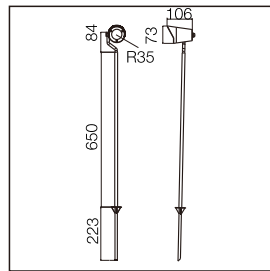

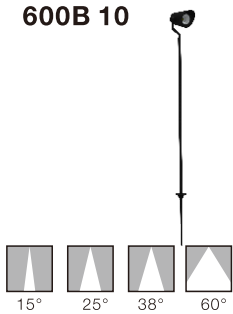

Product information

600A 10

Power	10W
CCT	3000K 4000K 6500K RGB
Voltage	AC220-240V 50/60Hz
Output Lumens	800 lm
CRI	>80
Material	Aluminum+Glass
Color	Black/Grey
Life	30 000 H
Warranty	3 Years

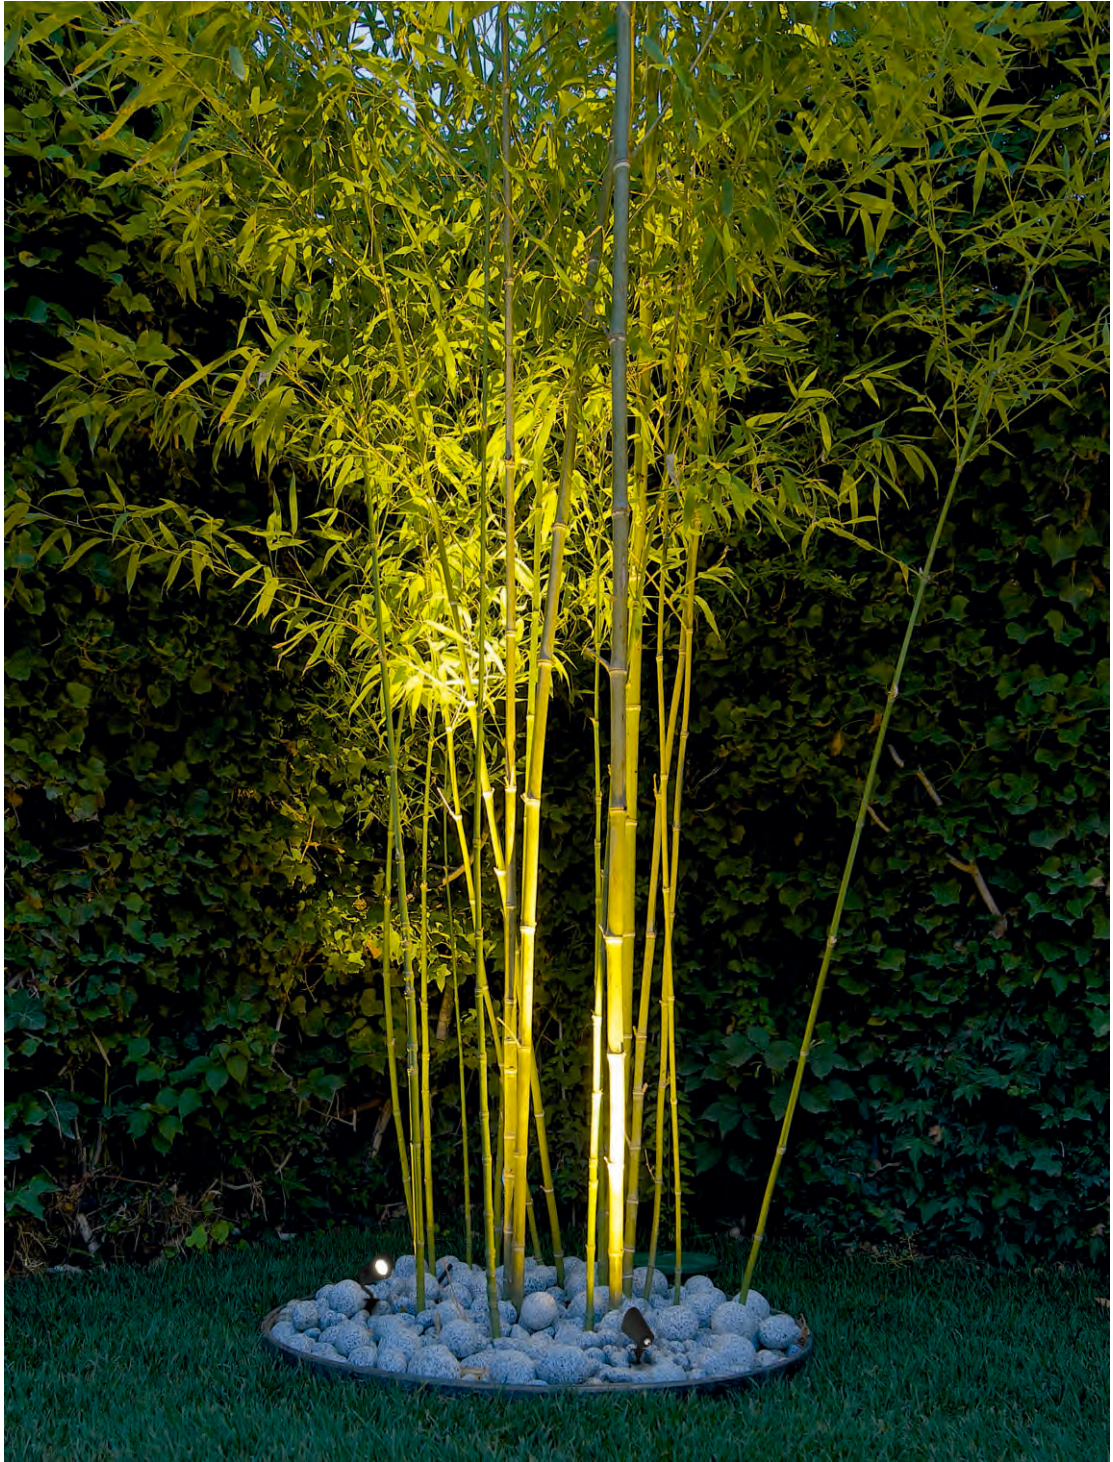

600B 10

Power	10W
CCT	3000K 4000K 6500K RGB
Voltage	AC220-240V 50/60Hz
Output Lumens	800 lm

Material	Aluminum+Glass
Color	Black/Grey
Life	30 000 H
Warranty	3 Years

Outdoor Lighting Garden Light

The garden has become an essential place of living and is consequently getting our undivided attention. Rightly so, as there is nothing more soothing to the senses than our own piece of verdure. To enjoy your private outdoor bliss, well-conceived lighting definitely adds to the atmosphere. As part of its new exterior collection, garden Light again combines functionality with ambience and innovation.

500

In modern living the garden area is playing an increasingly important role, as is garden lighting. In the summer we take to the patio, balcony or garden to relax, to barbecue or to party. Garden lighting is an important decorative element and also provides orientation, safety and security. Garden lighting makes sense not only in the summer but also in the winter. As the evenings draw in it offers greater security, and the garden, patio or balcony are not forgotten during the cold winter months but remain part of family life.

With the rapid change in LED technology, INTEVISION Technology introduces its next generation of COB LED garden light. In this release, we have expanded the line to include a 3W, 5W, 10W, 20W, 30W, 40W Retrofit Module as a family series products. The new high-performance COB garden light series are designed to meet the specific needs of garden lighting, plant lighting, and building etc.,

All INTEVISION's COB garden light are safety agency approved. With a CRI of up to 80. INTEVISION's COB garden light offer low-energy, low maintenance, low-heat, long life operation, and provide significant savings on electricity, maintenance and re-lamping costs.

APPLICATIONS:

- Outdoor lighting.
- Hotel garden.
- Private garden light.
- Park.
- Public garden

Exploded structural view

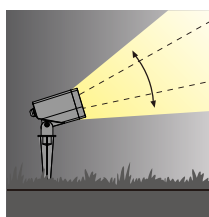

Optical reflectors

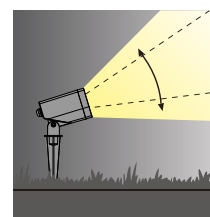

By simply installing these reflectors you can vary the light cone angle without having to change the luminaire. The product without reflector has a spot optic. For more flexible lighting, install different optical reflectors on the same luminaire.
